This document was prepared by the Florida Department of Transportation (FDOT) and Florida's 27 Metropolitan Planning Organizations (MPOs) through the MPO Advisory Council (MPOAC). Each MPO is responsible for coordinating with its board and committees in the development and implementation of this document. This includes the providers of public transportation in MPO planning areas, through their participation on MPO boards and committees and in metropolitan planning activities as documented in agreements required of each MPO in Section 339.175(10), Florida Statutes.</p> <p>This document is intended to assist with initial implementation of the Transportation Performance Management requirements. It is anticipated that this document will be revised over time as FDOT and the MPOAC work cooperatively to fully implement all applicable federal requirements.</p> <p>Whether through annual Florida Metropolitan Planning Partnership meetings or the continuous efforts of so many to develop the state's long-range transportation plan (the Florida Transportation Plan) and our coordinated and prioritized Work Program, Florida enjoys a strong history of effective collaboration in state and metropolitan transportation planning. FDOT and the MPOs have been coordinating regarding performance measures for several years in preparation for meeting federal requirements. A 2018 Transportation Research Board Annual Meeting session moderated by the Federal Highway Administration and the Federal Transit Administration highlighted the model performance partnership between FDOT and Florida's MPOs. The attached process is the next step in that effort, documenting our cooperative approach to developing and reporting federal transportation performance measures and targets.</p> <p>www.fdot.gov</p>	<p>May 25, 2018 Page 2 of 2</p> <p>We look forward to our future work together in delivering Florida's high performing transportation system.</p> <p>Sincerely,</p> <div data-bbox="1378 568 1607 625"></div> <p>Mike Dew, Secretary Florida Department of Transportation</p> <div data-bbox="1691 568 1956 676"><p>Nick Maddox, Chair MPOAC Governing Board</p></div> <p>Cc: Tom Byron, Assistant Secretary for Strategic Development, FDOT Jim Wood, Chief Planner, FDOT Carl Mikyska, Executive Director, MPOAC Executive Directors of Florida's 27 MPOs</p>
